Dirak India Panel Fittings Pvt. Ltd.

<https://www.dirakindia.com/>

We are a highly popular organization of the market engaged in manufacturing and supplying of Pull Handles, Rubber Products, Metal Hinges and many more.

About Us

We "**Dirak India Panel Fittings Private Limited**" from **1997** are a popular manufacturer and supplier of Pull Handles, Rubber Products, Metal Hinges and many more. Our offered product array consists of Industrial Handles, Rubber Gaskets, and Metal Hinges. DIRAK India is headquartered in Bangalore, with sales offices in Delhi, Mumbai and Chennai. Dirak India is a 100% owned subsidiary of the Dirak Group, a leading manufacturer and supplier of mechanical and electronic hardware. The company's products include accessories for electrical cabinets and enclosures, locks, latches, hinges, gaskets and other industrial fittings. It has significant market penetration in a wide variety of industries, ranging from process control, energy distribution, rail, industrial machinery and food processing equipment to heating, ventilation and air conditioning (HVAC), IT and network services. In addition, Dirak is active in a number of specialist markets, including medical equipment, data centre security and tunnel security.

Since it was incorporated in 1997, the Dirak Group has registered over 300 patents for hinges, latches, seals and mounting systems and has expanded into a global enterprise. In addition to its Indian subsidiary, the company has offshoots in Singapore, China, the United States and Great Britain, and has offices on every continent. However, founder Dieter Ramsauer still takes a hands-on approach to research and development; despite running a global...
